DATE: September 5, 1995

TO: Group Self-Insurance Funds for Workers' Compensation

RE: Filing Procedure

The following statutes and regulations are the basis of the Louisiana Department of Insurance's governing authority over Group Self-Insurance Funds for Workers' Compensation rates, rules and forms:

- R.S. 23§1197.C, §1199, and §1200.1 provide the Louisiana Department of Insurance with authority to request that Group Self-Insurance Funds for Workers' Compensation provide actuarial justification for existing or proposed rating plans.
- Section 8 of the Louisiana Department of Insurance Regulation 42 provides that every Group Self-Insurance Fund for Workers' Compensation shall adhere to a uniform classification system, uniform experience rating plan, and manual rules approved by the Commissioner of Insurance.

The Commissioner has delegated approval authority for Group Self-Insurance Funds for Workers' Compensation rates, rules, and forms to Louisiana Insurance Rating Commission (LIRC) staff.

Therefore, Group Self-Insurance Funds for Workers' Compensation are directed to file with LIRC staff all new or revised rates, rules, and forms following the guidelines set forth by statute and regulation above and in this Bulletin.

Further, Group Self-Insurance Funds for Workers' Compensation whose rates, rules, and forms are currently in use which have not previously been submitted to LIRC staff, are directed to file with LIRC staff and are directed to demonstrate that said rates, rules and forms comply with all applicable Louisiana statutes, regulations, and directives. This Filing must be received by LIRC staff no later than October 10, 1995.

If there are questions call LIRC staff at (504) 342-5202.

Chris Faser, III

Deputy Commissioner/LIRC

FILER refers to a Group Self-Insurance Fund for Workers' Compensation.

GROSS PREMIUM is standard premium excluding schedule rating modification.

FILING refers to the submission to LIRC staff by the Filer of specific rates, rules, forms, manuals, and rating plans, including individual risk rated policies.

INDIVIDUAL RISK RATE is the premium charged a single risk, and which does not meet the expected risk or expense characteristics underlying manual rates or rules.

GENERAL FILING PROCEDURES

A. Filings

All Filings must be addressed to:

Mr. Chris Faser, III
Deputy Commissioner/LIRC
950 N. 5th Street
Post Office Box 94157
Baton Rouge, LA 70804-9157

Upon receipt, the forms portion of a Filing will be forwarded to the Department of Insurance's Forms Division for review. Approval notification will be issued by the Forms Division independently of LIRC staff rate/rule approval.

If the Filer is responding to a specific question asked by LIRC staff or the Forms Division, the response should be addressed to that person and a copy sent to the above Deputy Commissioner/LIRC's attention.

B. US Mail

All rules, rates, and any other documents required by law or voluntarily filed with LIRC staff, except as noted below, must be filed by depositing in the United States mail, postage prepaid.

Exceptions to deposit in the US mail are payment of any fees, and premium taxes.

Transmission of material by facsimile machine, private courier service, or hand delivery is permissible so long as the originals are deposited in the United States mail and received by the Department of Insurance on or before the twentieth day after receipt of the facsimile transmission, private courier delivery, or hand delivery.

C. Effective Date

Implementing a Filing on an effective date before the expiration of the deemer period may place the Filing in violation of Louisiana statutes. At the expiration date of a deemer period, the Filing is considered approved unless it has been disapproved or there is ongoing correspondence.

Neither the Department of Insurance nor LIRC can approve Filings retroactively. Hence, filings will be deemed approved and eligible for use 90-days after the "Receipt Acknowledged" date stamped provided all questions by staff are resolved within the 90-day period and the filing meets the statutory criteria.

D. Deemer Provision

In accordance with R.S. 23§1199, there is a ninety day deemer from the time that a rate/rule filing is received by the LIRC until action is taken. Material shall be considered received on the date staff "Receipt Acknowledged" the material, regardless of transmission method used. It

is the "Receipt Acknowledged" date upon which the deemer provisions of Louisiana statutes shall be contingent.

When additional information supporting a Filing is requested, the deemer period shall recommence as of the date a response is received. Until a response is received, the Filing is placed in abeyance.

E. Public Disclosure

Any approved or disapproved Filing becomes part of public record under Title 44 of the Louisiana Revised Statutes, except as noted under R.S. 44:4. Copies of Filings can be requested as allowed by R.S. 44:31. There is a charge of \$.25 per page plus shipping.
